STUDENT INSURANCE

You need to take out Dutch healthcare insurance when you temporarily study in the Netherlands and:

- Receive income from a full or part-time job (including zero-hour contracts), internship or paid volunteer work. If you have doubts about your personal situation, ask for an assessment at the SVB
- Only the basic package of health insurance is compulsory (GP, hospital care & medication). You are free to add coverage through supplementary health insurance (e.g. dental care, physiotherapy)
- Check other important insurances, such as home insurance and liability insurance

STUDENT VISA & PERMITS

You might need a student visa to travel to the Netherlands. This depends on:

- Your (passport) nationality
- The purpose of your stay: study, work, internship, research or a combination
- The duration of your stay

Your university will apply for all necessary visa & residence permit if applies. There are different types of visa and permits:

- Short-stay Schengen visa (90 days or less): in case you study for less than 90 days you can apply for a single or multiple-entry visa if you visit more Schengen countries
- Long-stay visa (90 days or more)
- Residence permit (in case you stay for more than 6 months)

You can find all detailed requirements on our page:

STUDENT WORK

If you're also going to work next to your studies, you might need:

- A work permit: this depends on your country of origin. EU/EAA & Switzerland nationals don't need a work permit
- Other internationals need a work permit, provided by your employer. Furthermore, restrictions apply:
 - You can work max. 16 hours a week during the year or;
 - Work full-time during the summer months June, July and August.
- To take out Dutch health insurance: check our page [Student insurance](#) for more information.
